

## **Principal Engineer / Scientist**

SGM environmental Pty Limited (SGME) is a boutique employee owned environmental consultancy working throughout Australia and internationally, based in Brisbane.

The SGM environment team is led by highly experienced professionals who are leaders in their fields, having held senior national positions. They are supported by a talented team of soil scientists, geochemists and mine closure planners. These skills are combined to help clients achieve their objectives in ways that create enduring value.

Due to strong growth we have an opportunity for a Principal Engineer / Scientist to join our company where they will develop and grow a team to support our existing mine closure business in addition to growing into new potential markets based on their expertise.

To apply for this position, you will need to be:

- a geotechnical engineer, geochemist, restoration ecologist or hydrogeologist;
- a leader in your field with at least 15 years of experience; and
- have developed client networks and a track record of winning and delivering work of an exceptional standard.

Additionally, the successful candidate can demonstrate the following:

- provide key leadership in setting long-term strategic direction;
- provide integrated, consistent and superior services in their area of expertise;
- provide leadership and direction to a high performance team and other professional and administrative staff;
- develop and maintain close working relationships with senior managers as the business grows to ensure efficient and effective service delivery to internal and external stakeholders;
- manage the delivery and allocation of resources on-time and to budget; and
- foster an organisational environment that values trust, outcomes-focus, people-orientation, passion and drive and collaboration in service delivery.

For the right candidate there is the potential to help develop and grow our business and become a partner.

If you believe that you meet the requirements as stated above, please submit your application to [careers@sgmenvironmental.com](mailto:careers@sgmenvironmental.com). Please quote reference "Principal 02019". To have your application considered it must include a tailored covering letter and CV.

Only those with a valid unrestricted drivers' licence and a right to work in Australia may apply.

Unsolicited resumes from recruitment consultants will not be accepted.
